IMPORTANT NOTICE

Vector will be upgrading the local power network near Makora Road and Royal Road from mid-September to late November 2026. Although most construction will take place overnight, families may still notice daytime impacts around the area, including traffic changes, reduced parking, temporary footpath closures, and small fenced-off work areas. These measures help crews complete the project safely and efficiently. We'll keep you updated if anything changes.

SCHOOL CARPARK

For the safety of the students, the carpark is for staff only. Cars in the school grounds create a possible hazard for children, and their safety must surely be a major concern.

Please do not park on either side of the front of the barrier gate as this blocks access for both staff and emergency vehicles
